- ▶ The Help to Buy Equity Loan should be added to the DIP as a monthly commitment.
- ▶ The monthly commitment can be calculated using Precise Mortgages' Residential Calculator.

When submitting applications for Help to Buy Mortgages it is the responsibility of the Intermediary to ensure that the application is eligible and compliant with the rules of the appropriate Help to Buy scheme before the submission is made.

Help to Buy remortgage - no capital raising

We are able to consider a remortgage transaction where the property was originally purchased on any shared equity Help to Buy Scheme where the loan amount will be limited to the repayment of the existing mortgage secured on the property.

The Help to Buy Equity Loan: Monthly interest fee payments are payable on the Help to Buy Equity Loan after five years, which are in addition to the monthly repayments for the mortgage the customer takes with Precise Mortgages.

As part of the Help to Buy Equity Loan scheme the monthly interest fee payments will initially be charged at a rate of 1.75% per annum and will increase by RPI +1% every year until fully repaid. To account for the annual rise in the payments on the Help to Buy Equity Loan, Precise Mortgages stresses this commitment by multiplying it by 125%. The Residential Calculator will do this automatically.

The Help to Buy Equity Loan should be added to the DIP in the 'Applicant Commitments' section as a loan. We require both the Help to Buy Equity Loan balance and the monthly interest fee payment amount to be entered.

The monthly interest fee payment on the Help to Buy Equity Loan must be calculated using Precise Mortgages' Residential Calculator. To complete this information either the Help to Buy Equity Loan amount or the current Help to Buy Equity Loan monthly commitment is required, if this is already being paid.

As the Help to Buy agent needs to provide their approval of the remortgage, we need to be sure that this has been obtained before we proceed. We will not instruct our valuation until you have confirmed that the customer is happy to go ahead following our initial assessment. You should contact our processing team to confirm this by either calling 0330 1596001 or email new.build@precisemortgages.co.uk.

When submitting applications for Help to Buy remortgages it is the responsibility of the Intermediary to ensure that the application is eligible and compliant with the rules of the appropriate Help to Buy scheme before the submission is made.

Please see our Help to Buy Remortgage guide and our Help to Buy product guide for more details.

Help to Buy remortgage - with capital raising

We are able to consider a remortgage transaction where the property was originally purchased on any shared equity Help to Buy Scheme and the customer wishes to borrow additional funds to partially repay the equity loan, this is known as staircasing.

The new loan amount will be limited to the amount required to repay the existing mortgage on the property plus the amount required to partially repay the Help to Buy Equity Loan. If the Help to Buy Equity Loan is being repaid in full our standard residential criteria will apply and the application should be submitted on one of our core residential products and not as a Help to Buy application.

The Help to Buy Equity Loan: Monthly interest fee payments are payable on the Help to Buy Equity Loan after five years, which are in addition to the monthly repayments for the mortgage the customer takes with Precise Mortgages.

As part of the Help to Buy Equity Loan scheme the monthly interest fee payments will initially be charged at a rate of 1.75% per annum and will increase by RPI +1% every year until fully repaid. The Residential Calculator will do this automatically

The Help to Buy Equity Loan should be added to the DIP in the 'Applicant Commitments' section as a loan. We require both the equity loan balance and the monthly interest fee payment amount to be entered.

The monthly interest fee payment on the Help to Buy Equity Loan must be calculated using Precise Mortgages' Residential Calculator. To complete this information either the Help to Buy Equity Loan amount or the current Help to Buy Equity Loan monthly commitment is required, if this is already being paid.

As the Help to Buy agent needs to provide their approval of the remortgage, we need to be sure that this has been obtained before we proceed. We will not instruct our valuation until you have confirmed that the customer is happy to go ahead following our initial assessment. Additionally, we are unable to consider remortgaging any property purchased under any such scheme where the original vendor retains any interest or where any pre-emption clause remains.
- ▶ We will not lend where the property is affected by or within influencing distance of any significant factor which will have a negative impact on the property's value or re-saleability (e.g. overhead pylons, sub stations etc).

Restrictive covenants

We are unable to consider any property that may have a restricted occupancy clause within the planning permission, for example, it can only be occupied for a maximum of 11 months in any one year. Property with unrestricted occupancy can be considered provided our normal requirements are met.

Similarly, property that can only be used for retirement or sheltered accommodation is not accepted. This is the same for any property where a planning restriction (e.g. agricultural restriction) effectively limits a property's appeal on the open market.

Please note for new builds, we do consider Section 106 planning obligations. Please see page 10 of this guide for further information.

Structural reports

Reports may be accepted from members of the following bodies:

- ▶ The Institution of Structural Engineers (www.istructe.org.uk)

The report must be referred to the valuer for comment. If the report is not addressed to the applicant, written confirmation must be obtained from the originator that its contents may be relied upon by the applicant.

We will not lend on any property with either ongoing movement or where monitoring is required, where this is identified by either the valuer, or where evident in the structural engineer's report.

Specialist reports

We may require a specialist's report. Specialist reports most commonly comprise of:

- ▶ Timber and damp, electrical, trees, cavity wall tie
- ▶ Mining report (these are obtained by the solicitors and a special condition is imposed at offer).

Any specialist reports should be prepared by a reputable firm and should be forwarded to us for review and referral to the valuer.

Cladding

Where the valuation is returned with noted uncertainty regarding the building's cladding or external wall system an EWS1 certificate with supporting covering letter from the certificate provider will be requested for review by our Real Estate team. The Real Estate team may need to speak with the EWS1 certificate provider as part of their validation process.
