Important Notices

Pre valuation requirements

UPDATE: 06/01/2021: In line with the government guidelines please ensure the property is vacant 30 minutes before the valuer arrives.

UPDATE 10/11/2020: All HMO/MUB properties MUST have an estate agent/landlord present at inspection. This is due to valuers having to abort appointments as all tenants haven't been removed from the property prior to inspection.

Please read and advise your client new pre valuation requirements.

Surveyors will strictly follow the latest advice and guidance as set out by the UK Government, Public Health England (PHE), Public Health Wales (PHW) or Health Protection Scotland (HPS) and the RICS. The health and safety safeguarding of the property occupier(s) and the surveyor will be recognised and maintained at all times during the property inspection process.

Appointment booking risk assessment:

As part of the initial risk assessment, the property occupier will be asked the following three questions;

1. Are you or anyone in your household suffering from suspected Covid-19 symptoms?
2. Are you or anyone in your household shielding or self-isolating due to government health advice or potential exposure to someone else with symptoms or a positive Covid-19 test?
3. Have you been identified as clinically extremely vulnerable?

If yes to any of the above the booking will not be progressed and the case will be put on hold until safe to complete. The booking clerk will set a call back for after the date when the isolation period has ended.

Moving forward the booking process will establish the following property inspection protocols;

1. Is the occupier happy for the surveyor to visit and complete the physical survey inspection?
2. The booking clerk will confirm to the occupier that only fit and healthy surveyors will attend and will be wearing full PPE.
3. The booking clerk will check if the occupier is able to vacate the interior of the property during the valuation/survey and confirm the likely time required to complete the inspection of the property.
4. The occupier to maximise property ventilation prior to and during inspection by opening external windows and doors where possible.
5. The occupier to ensure all the internal doors (including meter, boiler and hot water cylinder cupboards) and the loft hatch are opened prior to inspection.
6. All pets should be removed or secured prior to inspection.
7. Social distancing rule (2 metres/6 foot) to be mutually respected at all times or the inspection may be aborted.

The customer will be asked to contact the surveyor prior to the appointment date if health conditions in the household change between the initial booking conversation and the appointment date. The case will then be put on hold until safe to complete.

Important Notices

Please read and advise your client new pre valuation requirements.

Pre inspection risk assessment

1. The surveyor will call the occupier approximately 15 minutes prior to or on arrival at the property.
2. The surveyor will re-confirm with the occupier the three health questions to ensure nothing has changed. If they report symptoms or confirm they or someone in the house is self-isolating the valuation will be aborted.
3. The surveyor will confirm with the occupier that the property has been prepared in accordance with the inspection protocols above and as confirmed during the booking process.
4. Failure to prepare the property in accordance with the protocol agreed may result in the inspection being aborted.

HMO and Multi Unit Freehold Blocks only (in addition to the above)

1. HMO and MUFB valuations will only be undertaken if the landlord or agent unlocks the property ahead of the inspection. Access will be required to all rooms and/or flats.
2. The landlord or agent will be required to open all rooms or flats and ensure that the property is empty prior to the inspection. If fire doors are in situ these should be temporarily propped open.
3. If the surveyor discovers that any of the above requirements have not been followed they may not be able to complete the inspection and a full abortive valuation fee will be charged.
