Additional information

Rates are only secured once a full application and any applicable fee(s) have been received.

Your client can make lump sum or regular overpayments of up to 10% of the initial mortgage balance in each 12 month period from the anniversary of completion, without having to pay any early repayment charges. This isn't available if the whole loan is being repaid or security released.

Switch to Fix option allows a customer to switch to an existing customer fixed rate, within the same product range, at any time during the benefit period without incurring early repayment charges.
